RENT THE WILMA

THE WILMA OCCUPIES A STUNNING FACILITY

The Wilma's main theater space is available for rental on a limited basis, contingent upon the requirements of our own programming. The modern, 300 seat auditorium offers the latest in stage technology, while the raked seating and carefully designed lobby complete the feeling of comfortable and glamorous surroundings.

Rental costs start at a base rate but will be affected by the degree of technical support required by your group. Discounts are available for 501(c)(3) organizations.

For the majority of the year, The Wilma is engaged in rehearsing for and performing its own productions. We cannot disrupt our own programming to accommodate an outside event. If the date(s) you desire are available for rental and a set for a Wilma play is already onstage, you may decide to conduct your event with our set as a backdrop.

If you are interested in renting the theater or to schedule a walk-through appointment, please **email** rentals@wilmatheater.org. Please allow 2-3 business days for a response. Due to the high-volume of requests, we ask that there are no unscheduled walk-ups.
